Bland Receives Four Fine Gray Eagle Quills.

DONATED BY A SILVER MINER.

They Are to Be Used in the Signing of His Seigniorage Bill. Provided It Passes the Senate—Several Texas Postmasters Nominated by the President. Wilson's Health Is Improving.

WASHINGTON, March 10.—Representative Bland of Missouri received four fine gray eagle quills from W. H. Brook, a silver miner of White Hall, Mo. These are splendid specimens and were sent for a unique purpose. Mr. Brook directs Representative Bland to have three quill pens made from the feathers, and to give one to the speaker of the house, one to the vice president and one to the president, with which to sign the Bland seigniorage act when passed both houses. Mr. Brook stipulates, however, that if the president intends to veto the seigniorage bill he is not to use the gray eagle quill from the Rocky mountains.

## The House.

WASHINGTON, March 10.—After transacting some business of minor importance, the house went into committee of the whole for the consideration of the District of Columbia bill. In the course of debate Mr. Kilgore denounced the district press as subservient tools of all jobs in the district to plunder the treasury.

At 3 o'clock the debate closed and voting took place on various amendments. At 5 o'clock, without completing the consideration of the bill, the house took a recess until 8 o'clock.

The night session was devoted to the passage of individual pensions, and at 10:25 the house adjourned.

## The Senate.

WASHINGTON, March 10.—At the opening of the senate, the Bland seigniorage bill came up as unfinished business. Mr. Allison asked that the bill go over until Wednesday evening at 4 o'clock.

Mr. Manderson inquired if amendments could be offered.

Mr. Harris replied that he did not think he would consent to this. Considerable discussion followed and finally Mr. Harris suggested that Wednesday a vote be taken on Mr. Allison's motion to reconsider and if that failed Mr. Manderson might move to commit to the finance committee, the final vote to be taken Thursday at 4 o'clock. This was agreed to and debate on the bill was then resumed.

## A MUCH MARRIED MAN.

Two Warrants Out For a Gay Music Peddler at Bloomington.

BLOOMINGTON, Ill., March 10.—Several days ago one John T. Hiler, a music peddler claiming to be a resident of Grand Haven, Mich., was married to pretty Miss Grace Washburn, daughter of Mrs. Adrienne Washburn, a widow of this city, whom he had met but 24 hours previous. It has turned out that Hiler is an old lothario, and information regarding his nefarious methods has been pouring in from many cities. Mrs. Washburn swore out two warrants for Hiler, one charging him with bigamy and the other with perjury, and an officer departed for Chicago, where Hiler is said to be. It is believed that Hiler has four or five other wives living. He is said to have married Nellie Wilkinson of Detroit, Mich., and afterward Jennie M. Graham of Decatur, Mich., who had just got a divorce from him, and also Letitia Keller of Detroit, Mich. Hiler, it is said, fooled Miss Carrie Sax of Toledo, O., who later gave him a fine dressing down with a cowhide. It is likely that should he be brought here he would get a dose of tar and feathers.

The Crowley mills of Mecklenburg county, North Carolina, are turning out 200 dozen towels a day. The quilting looms at these mills will soon be put in operation.

## Seventy-five Men After Lynchers.

RICHMOND, March 10.—News has just been received that 75 of the friends of Slaughter, the man who was lynched a fortnight ago at Sparta, N. C., are looking for the 15 men who executed him. The men who lynched Slaughter are dodging about in the country to avoid the vengeance of thoroughly aroused friends of their victim. If the men who composed the mob are caught they are almost sure to be riddled with bullets or possibly strung up to a tree. Slaughter was lynched for shooting down a coal blood man at a wedding. The bride, interfering to save the man, was herself slightly injured.

## Cigarettes Prohibited.

EMPORIA, Kan., March 10.—An ordinance was passed by the city council over the veto by Mayor Smith totally prohibiting the selling, giving away, bartering or otherwise disposing of any cigarettes or cigarette paper. The mayor holds that such an ordinance is unconstitutional and cannot be enforced. One of the peculiar features of the passage of the measure is that D. W. Morris, who is a druggist and a political leader in the council, championed the measure.

Allen, a candidate on the silver party ticket for mayor, who predicted his own election all along and only received 34 votes in the city filed a contest in which were unmistakable signs of an unbalanced mind. **EXPULSION**—every poison and impurity of your blood, by Dr. Pierce's Golden Medical Discovery. Then there's a clear skin and a clean system. Tetter, Salt-rheum, Eczema, Erysipelas, Boils, Carbuncles, Tumors and Swellings, and all Blood, Skin, and Scalp Diseases, from a common blotch or eruption to the worst scrofula—these are perfectly and permanently cured by it.

In building up needed flesh and strength of pale, puny, scrofulous children, nothing can equal it. Unlike the ordinary spring medicines or sarsaparillas, the "Discovery" works equally well at all seasons. All the year round, and in all cases, it is guaranteed, as no other blood medicine is. If it ever fails to benefit or cure, you have your money back. It's not only the best blood-purifier, but it's the cheapest. You pay only for the good you get. Buy of reliable dealers. With any others, something else that pays them better will probably be urged as "just as good." Perhaps it is, for them; but it can't be, for you.

## MAKING A NEW LINK.

Plans to Run Trains Through From Galveston to Newport News.

LOUISVILLE, March 10.—Information regarding a big railroad scheme said to be on foot came out here by the authoritative statement that an agent is now in the city to arrange for the carrying out of the plans. Those interested are the Rockefellers and the Vanderbilts.

The roads concerned are the Chesapeake and Ohio, the Louisville Southern, the Louisville, Evansville and St. Louis and the Missouri, Kansas and Texas. The plan is to secure a continuous traffic arrangement between Newport News and Galveston.

This means a shortening of time between the two points of 10 hours and will mean much to shippers. The air line is worth in the neighborhood of \$7,000,000. The bonded debt is \$10,500,000 and the floating debt is \$1,000,000 and the stock is in all \$2,500,000. It is to be bought outright if possible. If a basis of transfer can be reached, terminal arrangements will be made as soon as possible.

An agent of the interested capital is said now to be in this city waiting for a representative of the opposite side, who is expected at once, when a conference will be held and a decision may be effected at any time.

The Louisville Southern is willing to go into the scheme and a plan is said to have been considered by the stockholders. It is believed in view of the existing financial condition of the air line that it can be secured very cheap.

## Only the Scars Remain.

"Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc.," writes HENRY HUNSON, of the James Smith Woolen Machinery Co., Philadelphia, Pa., "none impress me more than my own case. Twenty years ago, at the age of 15 years, I had swellings come on my legs, which broke and became running sores. Our family physician could do me no good, and it was feared that the bones would be affected. At last, my good old mother urged me to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. Only the scars remain, and the memory of the past, to remind me of the good Ayer's Sarsaparilla has done me. I now weigh 160 pounds and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."

## CRUSTED SCALY SKIN

Torments Minister's Family. Almost Drove Wife Mad. Doctors Useless. Instant Relief and Speedy Cure by Cuticura.

Three years ago my wife, four little children, and myself were afflicted with a crusty, scaly disease of the skin. It tormented us all. Such a plague I hope will never again visit my family. My children's ages were respectively nine, seven, and four years, except the youngest, who was only two months old. Of all our suffering, my wife suffered the most. It almost drove her mad. The disease first made its appearance on her back between the shoulders and spread over her breast. It looked like it was over drug store medicine for skin disease, which failed to do any good whatever. I next employed a doctor who gave relief for a short while. After trying him for quite a while without effecting a cure, I called in another doctor who advised me to do no better than the first. After this I bought CUTICURA REMEDIES of Messrs. Purcell, Ladd & Co., Richmond, Va., having read of them in a newspaper. Relief followed the first application, and five or six sets cured all of us. I do not know what the disease was, but I do know CUTICURA cured us of that skin disease.

REV. J. N. WOODS, Avon, Nelson County, Va.  
I have used your CUTICURA REMEDIES for cases said to be incurable by good doctors, and they cured me at once. They are the best skin and blood remedies in the world.
